When adding a note on the F8 screen the Activity Code field populates with David's AS/400 sign-on username.

```
TSADAGR   TLM 12/31/13  13:18
TSPLT001  TLM 12/31/13  13:18
PAYCHG    ADM 12/31/13  13:18                              MSAH101
                              Activity Code  . .  C483DFS        HOWING ENRLD
                              Source Code (If Any)

Enter  Page Up  Page Down  Keypad
```
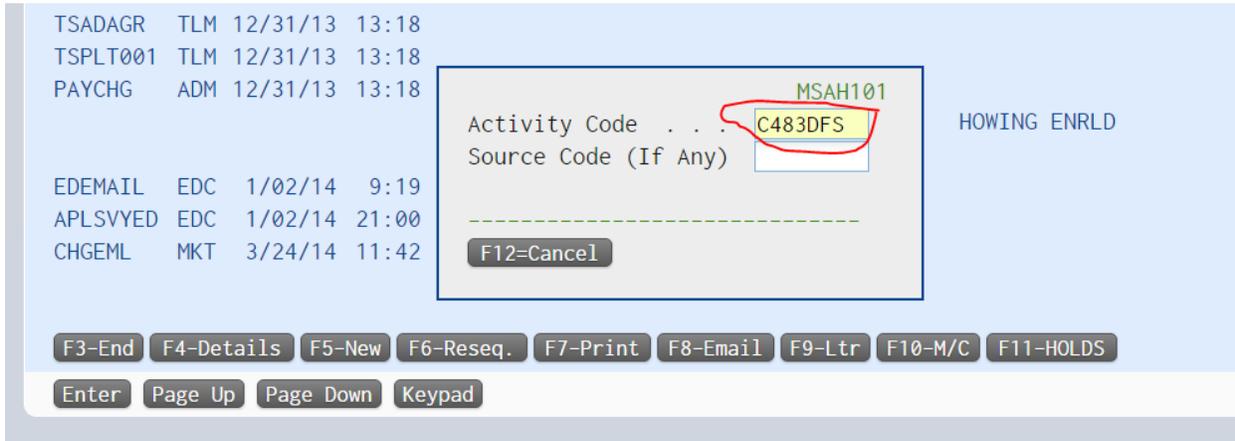

Also, the resolution code field automatically populates with David's AS/400 username. An error message then appears saying that the "Input data exceeds the field length", which makes sense because the field is only three characters.

```
Input data exceeds the field length.
